

## School Sports Funding 2018/2019

**Number of pupils on roll:** 349

**Total Sports Grant allocation:** £18,710

In April 2013, the Government announced a new initiative for Physical Education (PE) and Sport. The School Sport Premium is a fund allocated to every Primary School as a legacy of the London Olympic games. This was designed in order to promote a healthy lifestyle and improve the quality of PE and Sport within Primary schools.

Primary schools are given autonomy on the allocations of the funding to improve the quality and breadth of PE and sport provision. These areas include; increasing participation in PE and Sport, developing the quality of teaching within the subject, creating an inclusive whole school ethos in encouraging all pupils to live a healthy lifestyles and to reach the performance levels they are capable of.

Documents consulted:

*“Beyond 2012 – outstanding physical education for all.”*

*“Inspecting primary school PE and school sport: new funding.”*

### Priorities for Spending 2018-2019

**Aims:** To promote lifelong sporting habits and healthy lifestyles for all pupils regardless of sporting ability.

- Youth Sports Trust membership and CPD.
- Membership of the Bournemouth Schools Sports Association (BSSA)
- Develop Young Sports Leaders in Key Stage 2 to assist in playtime and lunchtime sporting activities, to facilitate sports events for younger pupils and monitor the storage of PE equipment.
- Provide cover for teachers to receive professional development in PE and to supervise sporting events.
- Enhance PE equipment and resources.
- Engage the least active pupils in extracurricular clubs at lunchtimes and afterschool (provide free extra-curricular clubs).
- Subsidise travel to sporting events.
- Investment in a P.E. scheme of work to support less confident members of staff.
- Use of HLTA to deliver quality P.E. lessons to KS1 (Enhance and support HLTA's P.E. knowledge/delivery through CPD).

### **Impact statement:**

Annually at Christ the King, we pay for Youth Sports Trust membership which provides us with Physical Education resources and CPD opportunities. In addition to this, we enter into the BSSA sports events which take place throughout the academic year. This allows our sports teams to participate a number of Level 2 and 3 Sainsbury's School sports competitions including: football, cross-country, netball, tag rugby, tri-golf, tennis, basketball, cricket, swimming, rounders and athletics.

Not only do we provide many opportunities to participate in Level 2 (Inter-school) and Level 3 (County) events but we also provide our children with chances to compete at Level 1 (Intra-school) competitions. These include our annual sports day and extra-curricular clubs. We have provided a range of free extra-curricular clubs throughout the year which has seen an increase in pupil participation. Following frequent free sports clubs attendance, the children have participated in level 2 sports fixtures where they have competed against local primary schools. We have ensured that these fixtures are not exclusive to the more able children but have provided opportunities for less competent children (B and C teams). This has been a huge success with **52 children** from Year 4, 5 & 6 representing the school in a variety of sports.

The school has also become the founder of the Primary Catholic Cup. Teachers from Christ the King planned and delivered the football tournament with huge success. We hope that, in the future, this will grow with number of Catholic schools in the Bournemouth, Poole and Christchurch area take part. This sporting tournament has formed a strong link between the local Catholic schools and with St. Peter's secondary school (use of their site and Sports leaders to officiate the matches).

Through our membership to BSSA, we were able to send various Year 6 children to attend Primary School Bronze Ambassador Training. This enables the children to train to be a young sports leader and give them an understanding of how they could have an impact in our school. There are now **15 trained sports leaders** at our school and form our 'Sports Committee'. Part of the Sports Grant is spent towards replacing damaged sports kit and providing a wider range of equipment to aid the learning of our children. We also use the sports grant to supplement the cost of transport to sporting events such as our weekly KS2 swimming lessons.

A HLTA has been deployed to support the delivery of KS1 P.E. lessons. This member of staff has been trained and supported through CPD in order to ensure they are delivering quality P.E. We have invested in a scheme of work to support her in the planning, delivery and assessment of P.E. This scheme of work has been made available for all members of staff and was presented within after-school staff CPD sessions.

### **In Summary:**

From the sports premium grant we have been able to enhance the quality of P.E. and sport within the school. Therefore, we can provide a comprehensive P.E. curriculum and extra-curricular timetable which is accessible for all of our pupils.

### **In the future we intend to use the funding:**

- **Promote and devise an intra-school (Level 1)** competition timetable to provide children with positive competitive experiences in sport (termly).
- Youth Sports Trust membership and **CPD**, cover to release staff.
- Membership of the **Bournemouth Schools Sports Association (BSSA)**
- **Provide cover for teachers** to receive professional development in PE and to supervise sporting events.
- Enhance PE and dance **equipment and resources**.
- **Subsidize transport**, pool hire and swimming instruction for pupils in KS2.
- To continue to **engage the least active pupils** in extracurricular clubs at lunchtimes and afterschool.
- **Provide specialist coaches / teachers** for games to support the curriculum delivery by class teachers.
- Provide a comprehensive extra-curricular sports program for vulnerable children (SEND/PP).
