

19-11-24

The Christmas Term is now well under way and we are starting to hear the sound of Christmas carols in the shops.

The next term will be jam packed with exciting opportunities for our children. Some dates to remember in the next two weeks include:

-Santa's Grotta makes its appearance with very high expectations on the 25th of November. We are starting Christmas celebrations early this year to make sure that we get the most out of the time at school!

-Year 6 football against Kingsleigh primary for the boys on the 27th November.

-Please remember that children must bring teddy bears into school on the day that they read in the Library. Children are very upset when they do not have a teddy to cuddle during library time.

The school is compiling a list of important dates for the month of December. This will grow and possibly change every week as circumstances change. You will receive a full list of all events every two weeks. Please make sure to look out for that later in the week.

Please keep warm and safe when walking to and from school.

Regards

Brian Morton
