## Year 6 SATs 2024 Presentation for Parents, Carers & Guardians

- SATs are the Standardised Assessment Tests that are given to children at the end of Key Stage 2. The SATs take place over four days, starting on **Monday 13<sup>th</sup> May 2024** ending on **Thursday 16<sup>th</sup> May 2014**. The SATs papers consist of:
- Writing is assessed using evidence collected throughout Year 6, this evidence is collected until **30<sup>th</sup> June 2024**.

## KS2 Year 6 SATs Dates - May 2024

Date	Test
Monday 13th May 2024	Grammar & Punctuation test - 45 minutes Spelling Test - 20 minutes
Tuesday 14th May 2024	English Reading Test - 60 minutes
Wednesday 15th May 2024	Mathematics Arithmetics (Paper 1) - 30 minutes Mathematics Reasoning (Paper 2) - 40 minutes
Thursday 16th May 2024	Mathematics Reasoning (Paper 3) - 40 minutes

## When and how the SATs are completed

- The tests take place during normal school hours, under exam conditions.
- Children are not allowed to talk to each other from the moment the assessments are handed out until they are collected at the end of the test.
- After the tests are completed, the papers are sent away to be marked **externally**.
- The results are then sent to the school in July.
- Each test lasts no longer than 60 minutes:
  - Spelling, punctuation and grammar (paper 1: Grammar/ Punctuation) – 45 minutes
  - Spelling, punctuation and grammar (paper 2: Spelling) – 15 minutes
  - Reading – 60 minutes
  - Maths (paper 1: Arithmetic) – 30 minutes
  - Maths (paper 2: Reasoning) – 40 minutes
  - Maths (paper 3: Reasoning) – 40 minutes

## Specific arrangements for SATs

Children with additional needs (who have similar support as part of day-to-day learning in school) may be allotted specific arrangements, including:

- Additional (extra) time;
- Tests being opened early to be modified;
- An adult to scribe (write) for them;
- An adult to read for them ( Not the reading test);
- Rest breaks;
- Arrangements for children who are ill or injured at the time of the tests.

*Pupils with an EHCP are automatically allowed up to 25% additional time (except for the spelling paper, which is not strictly timed). Pupils who use the modified large print or braille versions of the tests are automatically allowed up to 100% additional time.*

## The results

Tests are marked externally. Once marked, the tests will be given the following scores:

- A raw score (total number of marks achieved for each paper);
- A scaled score (see below);
- A judgement on if the National Standard has been met.

After marking each test, the external marker will convert the raw score to a scaled score. Even though the tests are made to the same standard each year, the questions must be different. This means the difficulty of the tests may vary. Scaled scores ensures an accurate comparison of performance over time.

Scaled scores range from 80 to 120.

A scaled score of 100 or more shows the pupil is meeting the National Standard.

# Grammar, Punctuation and Spelling: Monday 13<sup>th</sup> May

Grammar, punctuation and spelling consists of two papers.

- Paper 1 focuses on all three elements (grammar, punctuation and spelling or GPS). The paper lasts for **45 minutes**.
- Paper 2 consists of a spelling test only. It should take approximately **15 minutes**, although this is not a set amount of time (pupils should be given as much time as they need to complete the test).

## Grammar, Punctuation and Spelling: Paper 1 (GPS)

The children will have been working hard with their class teacher on developing and securing their knowledge of the technical vocabulary needed in this test.

This test focuses on:

- Grammatical terms/ word classes;
- Functions of sentences;
- Combining words, phrases and clauses;
- Verb forms, tenses and consistency;
- Punctuation;
- Vocabulary;
- Standard English and formality.

This test requires a range of answer types but does not require longer formal answers.

## Example questions:

4

Which sentence must end with a **question mark**?

Tick one.

Shall we go round the fitness trail in the park

We could go tomorrow if you like

What I really like is the rope bridge

Let me know what you would like to do

1 mark

37

Complete the sentence below with an appropriate **subordinating conjunction**.

e.g. **Although, While**  
\_\_\_\_\_ it rained all afternoon, the picnic was a success.

1 mark

32

The teacher wants to write a sign to remind children to turn the lights off.

Write the **command** that the teacher might use on the sign.  
Remember to punctuate your answer correctly.

e.g. Switch off the lights! Please turn off the lights

1 mark

# Grammar, Punctuation and Spelling: Paper 2 (spelling)

Paper 2 is a shorter paper that focuses solely on spellings.

Example questions:

## Spelling

1. The children were \_\_\_\_\_ the objects from smallest to largest.
2. Do not show \_\_\_\_\_ to anyone.
3. I was given a \_\_\_\_\_ award.

### 2022 Spelling script

**Spelling 1:** The word is **ordering**.

The children were **ordering** the objects from smallest to largest.

The word is **ordering**.

**Spelling 2:** The word is **disrespect**.

Do not show **disrespect** to anyone.

The word is **disrespect**.

**Spelling 3:** The word is **special**.

I was given a **special** award.

The word is **special**.

## Reading: Tuesday 14th<sup>th</sup> May

There is one reading test that lasts for **60 minutes**.

The test is designed to measure if the children's comprehension of age-appropriate reading material meets the national standard. There are three different set texts for children to read. These could be any combination of **non-fiction, fiction and/ or poetry**.

The test covers the following areas (known as Content Domains):

- Give/ explain the meaning of words in context;
- Retrieve and record information/ identify key details from fiction and non-fiction;
- Summarise main ideas from more than one paragraph;
- Make inferences from the text/ explain and justify inferences with evidence from the text;
- Predict what might happen from details stated and implied;
- Identify/ explain how information/ narrative content is related and contributes to meaning as a whole;
- Identify/ explain how meaning is enhanced through choice of words and phrases;
- Make comparisons within the text.

# Reading

The reading SATs paper requires a range of answer styles.

Example questions:

Questions 1–11 are about *The Parsnips* (pages 4–6)

1 Veronika's football team has two names.

What are the **two** names?

1. \_\_\_\_\_
2. \_\_\_\_\_

## THE CLUB – THE FACTS

**Name:** Parrs Under 11s, also known as "The Parsnips"

**Capacity:** 500

**Sponsor:** Sweet Peas Garden Centre, Mowborough

**Ground:** Lornton FC, Low Road, Lornton

**Plays in:** The Nettie Honeyball Women's League

**Coach:** Hannah Preston

**Assistant coach:** Katie Regan

## Example questions:

### Based on text 2: My Circus Life

- 17** Look at page 9.
- Vladik is always changing his *Dralion* performance.
- Give **two** ways that these changes to his performance happen.
1. \_\_\_\_\_
  2. \_\_\_\_\_

2 marks

#### Do those changes happen naturally, or are you looking for ways to change it?

Sometimes those changes happen naturally, yeah. Sometimes I say to myself, "Wait a minute! I'm doing this differently." I don't know how it even happens. Some things, of course, I modify deliberately; I add a trick in or something. It's easy to do it in practice. I have many, many tricks in training. But when you're on stage, it's different because you really have to have it perfect. Especially because you get used to doing the same things for that long. So when you start to put in something new, you automatically feel your body doing something wrong. [Laughs]

# Reading

Since the current testing formation for the SATs began in 2016, there has been a tendency for three types of questions to be the most popular.

In the 2022 Reading SATs paper,

- 10% of marks could be gained from answering questions involving giving and explaining the meaning of words in context;
- 38% of marks could be gained from answering questions involving retrieving and recording information or identifying key details from a text;
- 44% of marks could be gained from answering questions involving making inferences from a text and justifying inferences with text evidence.

When reading with your child at home try focusing on these types of questions.

## Maths: Wednesday 15<sup>th</sup> May and Thursday 16<sup>th</sup> May

The maths assessments consist of three tests.

- Paper 1: Arithmetic (30 minutes) – Wednesday 15<sup>th</sup> May
- Paper 2: Reasoning (40 minutes) – Wednesday 15<sup>th</sup> May
- Paper 3: Reasoning (40 minutes) – Thursday 16<sup>th</sup> May

# Maths Paper 1 (Arithmetic)

The maths arithmetic paper has a total of **40 marks** and lasts for **30 minutes**.

The test covers the four operations (addition, subtraction, multiplication, division, including order of operations requiring BIDMAS), percentages of amounts and calculating with decimals and fractions.

Example questions:

<b>32</b>	$2\frac{1}{2} - \frac{2}{3} =$		<input type="text"/>

## Maths Papers 2 and 3 (Reasoning)

These papers require children to demonstrate their mathematical knowledge and skills, as well as their ability to solve problems and their mathematical reasoning. They cover a wide range of mathematical topics from key stage 2 including,

- Number and place value (including Roman numerals);
- The four operations;
- Geometry (properties of shape, position and direction);
- Statistics;
- Measurement (length, perimeter, mass, volume, time, money);
- Algebra;
- Ratio and proportion;
- Fractions, decimals and percentages.

## Maths Papers 2 (Reasoning)

### Example questions:

6 Emma has a 5 litre bag of compost.

She uses 2.75 litres.

How much compost does Emma have left?

2.25 litres

7 In a race, Ali completes a swim, a run and a bicycle ride.

The swim is  $\frac{1}{10}$  of the total distance.

The run is  $\frac{3}{10}$  of the total distance.

What fraction of the total distance is the **bicycle ride**?

$\frac{6}{10}$

# Maths Papers 2 (Reasoning)

## Example question:

24

Here is an **isosceles** triangle inside a rectangle.

Calculate the sizes of angles  $x$  and  $y$ .

Show  
your  
method

$x =$

°

$y =$

°

2 marks

24

Award **TWO** marks for the correct answer of  $x = 75$  **AND**  $y = 15$

If the answer is incorrect, award **ONE** mark for evidence of an appropriate method calculating both angles, e.g.

- $180 - 30 = 150$   
 $150 \div 2 = 70$  (error)  
 $90 - 70$

**OR**

Award **ONE** mark for either correct  $x$  **OR**  $y$ .

Up to  
2m

Answer need not be obtained for the award of **ONE** mark.

If there is no evidence of an appropriate method and the values for  $x$  **AND**  $y$  are incorrect, accept for **ONE** mark  $x + y = 90$ , unless  $x$  is between 65–69 (inclusive) **AND**  $y$  is between 21–25 (inclusive).

# Maths Papers 3 (Reasoning)

## Example questions:

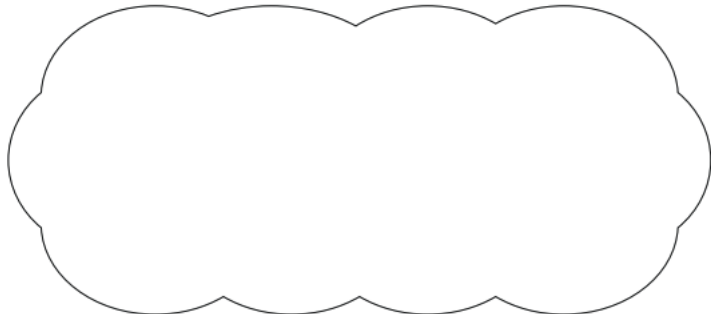

19

Jack says,

When you square a prime number, the answer has only two factors.

Explain why Jack is **not** correct.

1 mark

19

Award **ONE** mark for a correct explanation, e.g.

- It has 3 factors – the prime number, 1 and the square of the prime number.
- The prime number has 2 factors; the squared prime number will be divisible by one, itself and the prime number.
- All prime numbers squared have 3 factors.

**OR**

A correct explanation that gives a counter example, e.g.

- 5 is prime  
 $5^2 = 25$   
25 has 3 factors: 1, 5 and 25, not two
- $7^2$  has more than 2 factors – 1, 7 and 49
- $121 = 1 \times 121 = 11 \times 11$
- $3^2 = 9$   
9 – 1, 9, 3
- $5^2 = 25$   
Factors of 25 = 1, 5, 25  
All squared primes have 3 factors.

1m

**Do not** accept vague or incomplete explanations, e.g.

- A square number doesn't have 2 factors (repeat of the question)
- $2^2 = 4$  (incomplete)
- Prime numbers have 2 factors only (incomplete)
- Prime numbers squared have more than 2 factors (vague)

**Do not** accept explanations which include incorrect mathematics or incorrect information relevant to the explanation, e.g.

- $49 = 1, 7, 49$
- 5 squared is 25  
1, 5, 5, 25  
25 has four factors
- All prime numbers squared have more than 3 factors
